IDENTIFICATION OF SOURCE:

Vendor Name: Quickset Defense Technologies LLC

Vendor City/State: 3650 Woodhead Drive
Northbrook, IL 60062-1895 USA

Cage: 80175

Total Dollar Value: [REDACTED]

1. FAR 13.106-1(b)(1)(i) states for purchases not exceeding the simplified acquisition threshold, Contracting Officers may solicit from one source if the Contracting Officer determines that the circumstances of the contract action deem only one source reasonably available (e.g., urgency, exclusive licensing agreements, brand-name or industrial mobilization).

2. As required by FAR 13.106-3(b)(3)(i), this memorandum explains the absence of competition for this acquisition, as only one source will be solicited for this requirement (or for a portion of the requirement) and the requirement is not expected to exceed the simplified acquisition threshold.

II. DESCRIPTION OF ITEM OR SERVICE:

Provide a description of the item or service required, to include its intended use, the name of the required source or brand name, and the required delivery date/period of performance.

Requirement is for a MPT-130 pan and tilt positioner, Quantity 1, which is integrated

[REDACTED] integrated the MPT-130 with [REDACTED]
[REDACTED] test and evaluation system, [REDACTED]

The Original Equipment Manufacturer (OEM) of the MPT-130 positioner is Quickset Defense Technologies, LLC. The estimated cost of procurement is [REDACTED]. The required delivery date is June 18, 2025. This due date is required to ensure time for system integration and demonstration of the platform within FY25 prior to beginning test events in FY26 and fielding systems to the fleet in accordance [REDACTED]

III. THE DETERMINATION FOR USE OF OTHER THAN FULL AND OPEN COMPETITION IS BASED ON THE FOLLOWING (select applicable area below to open specific form)

- ☐ A. ONLY ONE RESPONSIBLE SOURCE
- ☒ B. BRAND NAME
- ☐ C. UNUSUAL AND COMPELLING URGENCY

A. ONLY ONE RESPONSIBLE SOURCE (select all that apply):

1. RESTRICTIVE RIGHTS. The source has established proprietary rights, limited rights in data, patent rights, copyrights or secret processes in the item or service required.

2. EXCLUSIVE LICENSING AGREEMENTS. The item or service is only available from the Original Equipment Manufacturer (OEM), or there is only one authorized distributor or technical representative for the OEM.

3. OTHER REASONS. Other reason not identified above. Provide details on mission impact if requirement is not solicited from only one source.

B. BRAND NAME. Item required must be a brand name product, or feature of a product, particular to one manufacturer.

Quickset Defense Technologies is the sole manufacturer of the MPT-130 pan and tilt positioner that is [REDACTED] used by NSW Crane [REDACTED]. The MPT-130 is the only positioner currently on the market that meets the form, fit, and function requirements necessary to interface [REDACTED]. Without the MPT-130 [REDACTED], the Government will be unable to complete [REDACTED]. This could delay or prevent fielding of systems [REDACTED] thereby leaving the warfighter vulnerable to attack [REDACTED].

Other products, [REDACTED], do not have the form factor required for this project. Integrating a different vendor's product, software, and firmware with [REDACTED] is estimated to require an additional [REDACTED] to qualify and implement a new source, which will cause unacceptable delays in supporting the warfighter. In addition, the estimated cost to qualify a new source is [REDACTED] per [REDACTED]. Subject Matter Experts at NSW Crane, which is infeasible and will result in a substantial duplication of cost that will not be recouped through competition. A delay of this magnitude would not allow for sufficient integration [REDACTED] scheduled completion, and ultimately would lead to inability of the warfighter to have [REDACTED].

C. UNUSUAL AND COMPELLING URGENCY. The supplies or services are of such unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits, bids, or proposals. Urgent requirements are supplies or services that will result in a work stoppage, or are mission critical and the routine processing time would result in injury to the Government. The determination that the procurement for the above item/service is an urgent and compelling requirement is based on the following:

1. Date on which the requirement was first identified:
2. Required delivery date/period of performance
3. Explanation of why delivery/commencement of services by the date mentioned above is required:
4. If appropriate, include any additional pertinent information.

IV. CERTIFICATION/APPROVALS:

A. Technical / Requirements Certifications: I certify that the facts and representation under my cognizance which are included in this justification are complete and accurate to the best of my knowledge and belief.
