

NOTICE OF INTENT TO AWARD SINGLE SOURCE: AMIC Det 2 OL/PKA Contracting Squadron, Patrick SFB, FL contemplates awarding a single source purchase order as authorized by FAR 13.106-1(b)(1) to QuakeLogic, Inc. for the purchase of a QuakeLogic bi-axial shake table to be used by the Air Force Technical Applications Center (AFTAC). IAW FAR 5.207(c)(15), QuakeLogic, Inc. is the only source capable of fulfilling the government's requirement due to the uniqueness of this equipment coupled with the following technical features which renders it unparalleled in the market:

- Low-friction precision linear guides, an integrated limit switch for optimal safety, dust covers, automatic centering/home positioning, and rubber strips for damping and stabilization.
- Bi-axial MEMS accelerometer mounted beneath the moving mount plate, enabling the comparison of input waveforms with the table's actual output.
- Fully enclosed design, specifically engineered to prevent dust accumulation on critical mechanical components.
- IP-based remote-control functionality. This innovative feature allows users to initiate, halt, and monitor the testing from afar.
- Proprietary EASYTEST software.

The technical specifications of the QuakeLogic bi-axial shake table are:

- It has a substantial payload capacity of 100 kg at 1g acceleration with +/- 100 mm stroke, and a maximum operating frequency of 20 Hz.
- It is equipped with low-friction precision linear guides, an integrated limit switch for optimal safety, dust covers, automatic centering/home positioning, and rubber strips for damping and stabilization.

Interested parties may identify their interest and capability to respond to this requirement or submit documentation.

This notice of intent is not a request for competitive proposals. However, all responses received electronically for this synopsis by **12:00PM EDT, 4 April 2025**, shall be considered by the Government. A determination by the Government not to compete with this proposed contract based upon responses to this notice is solely within the discretion of the Government. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive procurement.

Please send responses to laytesha.batchelor.1@us.af.mil. Phone calls will not be accepted.
