

AFTC/PZIA located at Arnold AFB, TN intends to solicit and negotiate with only one source, Hadland Imaging, LLC. (CAGE Code 5G7A6), to meet the Government's requirement for two, commercially available Test Sequence and Timing Systems. The authority found a 10 USC 3204(a)(1) applies to this acquisition, which states "The head of an agency may use procedures other than competitive procedures only when the property or services needed by the agency are available from only one source or only from a limited number of responsible source and no other type of property or service will satisfy the needs of the agency." Based on preliminary market research efforts, the Contracting Officer has determined that only one source, Hadland Imaging, LLC., is reasonably available to meet the subject commercial requirement. NAICS code 334519, Other Measuring and Controlling Device Manufacturing, will be used to meet the subject requirement.

This notice of intent is not a request for competitive quotes. However, the Government will consider all responses received electronically by 1:00 PM CST on 8 April 2025. A determination by the Government to not compete this requirement based upon responses to this notice is solely within the discretion of the Government. The information received may only be considered to determine whether to conduct a competitive procurement. All questions and comments should be addressed to Ms. Bailey Deason, Contract Specialist, bailey.deason@us.af.mil and Ms. Brooke Vandeman, Contracting Officer, brooke.vandeman@us.af.mil. If no favorable responses are received by the date mentioned above, a contract will be negotiated with the above-named source.
