

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Contracting Activity: 355th Contracting Squadron

Project/Program Name: CFSC / GoSilent CUBE and CISCO IR 1835 Router

Purchase Request / Local ID Number: [REDACTED]

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

Requesting to purchase the GoSilent CUBE and CISCO IR 1835 Router to provide for a mobile SIPR solution to the 48th RQS. Due to the evolving landscape of the 48th RQS, we are in need of a Mobile SIPR solution to enable connectivity to key members of the squadron wherever they are in the world. GoSilent CUBE is small enough to fit in a pocket with dimensions of 2.6"x1.9"x1.2" and the CISCO IR 1835 Router is also easily hand carried as well with dimensions of 2.20 x 11.04 x 9.73 in. The GoSilent Cube is approved by the government for use in national security systems to handle classified data for the Department of Defense (DOD), the intelligence community, and any DOD contractors or affiliates

Section C: Justification for Soliciting from a Single Source or Brand Name

The 48th RQS has a need for SIPR capabilities and the equipment must be mobile, light weight to facilitate the rescue mission. Additionally, the equipment must be an approved commercial solution for classified devices (CSFC). The GoSilent Cube is small enough and light-weight to not impede mission capabilities while being CSFC. Additionally, there are no other items on the market that provide a mobile on the go SIPR solution that meet the certifications of the GoSilent Cube. There is only one small business capable of providing the requirement. Therefore, the requirement is being executed as a sole source under FAR 19.1406(a) because the capable vendor meets all requirements of this reference and does not apply to any exclusions in FAR 19.1404.

Section D: Efforts to Obtain Competition

Market research was conducted with mandatory / preferred sources as required by FAR Pt 8. Additionally, market research has been conducted with multiple vendors. However, based on the foregoing information, this requirement should be procured using a sole source justification. A sources sought was posted on SAM.gov for 5 days and yielded no responses. An RFI was then posted on NASA SEWP for 5 days and also yielded no responses. The vendor was found through previous acquisition history with the government.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

The goal of 355 CONS is to utilize the most efficient and affordable method of procuring supplies in an effort to meet the customer's needs and mission in a timely manner. We are consistently utilizing all available avenues to identify vendors via previous purchase history, market research, known resources and approved innovated methods. With each additional requirement received, 355 CONS will continue to search for distributors and manufacturers that sell GoSilent CUBEs and the CISCO IR 1835 Router.

Single Source Justification (Simplified Acquisition)

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
