# Modification to a Previous Notice

---

## DESCRIPTION

---

The purpose for this amendment to the SF330 Special Notice for qualifications posted previously is to provide responses to the Vendors questions.

Vendor question: Are renderings, graphics, charts, and logos allowed in the proposal?

Answer: Yes, if SF330 doesn't specifically state that renderings, graphics and so forth are not allowed, then they can be included. As long as they do not go over the page limit, and if they do we do not assess additional pages.

Vendor question: Page 4 states that performance evaluations should be submitted. CPARS evaluations are generally 2-4 pages each; are these excluded from the 65 page limit?

Answer: Yes, past performance is separate from the page limit.
