The contracting strategy that will provide the government the best value is to compete the brand-name VMware software maintenance renewal using NASA SEWP V.

5. Determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

The Contracting Officer determines that the anticipated cost will be fair and reasonable based on adequate price competition, as there are multiple authorized resellers on NASA SEWP V contract vehicle. The Contracting Officer will also perform a price evaluation to determine that the price at the time of award represents the overall best value for the Government, is fair and reasonable, and is consistent with the contract vehicle terms.

6. A Statement of the Actions, if Any, the Agency May Take to Remove or Overcome Any Barriers to Competition Before Any Subsequent Acquisition for Supplies or Services Required.

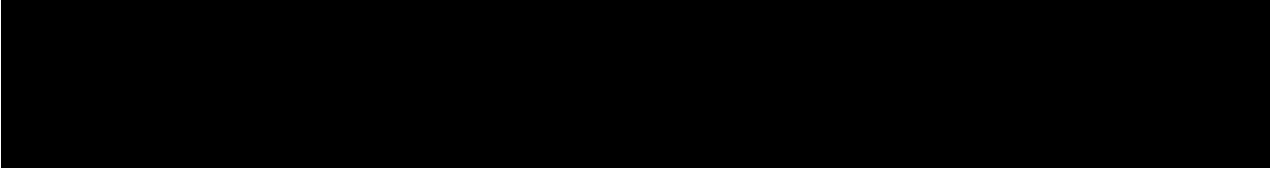

[REDACTED]. The availability of multiple re-sellers able to satisfy this brand name requirement ensures competition. However, the Government will continue to conduct market research into other software and support options that could meet future requirements.

7. Contracting Officer's Certification.

I certify that the data supporting the recommended use of other than full and open competition is accurate and complete to the best of my knowledge and belief.

8. Technical/Requirements Personnel Certification.

I certify that this requirement meets the Government's minimum need and that the supporting data, which forms a basis for the justification, is accurate and complete.

9. A written determination by the approving official that one of the circumstances in paragraphs FAR 16.505 (b)(2)(i)(A) through (E) applies to the order.

I have reviewed this Justification for an Exception to Fair Opportunity and find it to be accurate and complete to the best of my knowledge and belief.
