

Request for Information

THIS IS A REQUEST FOR INFORMATION (RFI) ONLY – This RFI is issued solely for information and planning purposes – it does not constitute a Request for Proposal (RFP) or a promise to issue an RFP in the future. Solicitations are not available at this time. Requests for a solicitation will not receive a response. This notice does not constitute a commitment by the United States Government to contract for any supply or service whatsoever. All information submitted in response to this announcement is voluntary; the United States Government will not pay for information requested nor will it compensate any respondent for any cost incurred in developing information provided to the United States Government. Not responding to this RFI does not preclude participation in any future RFP, if any is issued. If a solicitation is released, it will be synopsisized on SAM.GOV. It is the responsibility of the potential offerors to monitor this site for additional information pertaining to this requirement.

1. Agency: U.S. Army Contracting Command-Redstone in support of the U.S Army Test, Measurement, and Diagnostic Equipment Activity (USATA) is conducting market research to obtain capability information in support of U.S. Army Test, Measurement, and Diagnostic Equipment Activity (USATA) in accordance with FAR 15.201(e).
2. Contracting Office Address: N/A
3. Notice Type: Special Notice
4. Reference Number: PANRSA-25-P-0000-010974
5. Title: Pico Solar Simulator
6. Classification Code: 5999 Miscellaneous Electrical and Electronic Components
7. NAICS Code: 335999 All Other Miscellaneous Electrical Equipment and Components Manufacturing
8. Response Date: 07 April 2025
9. Primary Points of Contact: Portia Sampson, Contracting Officer at portia.r.sampson.civ@army.mil and Contract Specialist: Taylor Siskoff @ taylor.c.siskoff.civ@army.mil
10. Description: The US Army Contracting Command-Redstone, Operations, Services, & Training Division, plans to obtain information to serve as market research to help identify potential sources that can provide one (1) LED-based Pico Solar Simulator or equivalent that shall feature the following:
 - Wavelength range (350 -1500 nm)
 - AM1.5G Spectral Mismatch < 5%, Spatial Non-uniformity < 2% over 25 mm by 25 mm square
 - Temporal Stability < 0.1% short-term and < 2% long-term
 - variable intensity control
 - capable of adjusting i suns AM1.5G
- No PC will be required for operation to provide the ability to test photosensitive materials, solar cell testing, and material degradation studies. The equipment will be delivered to the APSL facility located at the Redstone Arsenal, AL.
11. Place of Contract Performance: N/A

12. Set Aside: TBD

13. Responses: Interested parties are requested to respond to this RFI with a white paper.

White papers in Microsoft Word for Office 2000 compatible format are due 07 April 2025 at 2:00pm CST (Central Standard Time). Responses shall be limited to 3 pages and submitted via e-mail only to the Points of Contact provided above. Proprietary information, if any, should be minimized and **MUST BE CLEARLY MARKED**. To aid the Government, please segregate proprietary information. Please be advised that all submissions become Government property and will not be returned. The following information must be included in the response:

1. Full company name.
2. Identify business size
3. Identify Socio-economic status as applicable.
4. Include Point of Contacts (POCs): name, position, office and mobile telephone numbers and email address.

The response date for this market research is 07 April 2025. No phone calls will be accepted. All responses to this RFI may be submitted via e-mail to the following POCs: Portia Sampson, Contracting Officer, at portia.r.sampson.civ@army.mil and Contract Specialist: Taylor Siskoff @ taylor.c.siskoff.civ@army.mil
