

DEPARTMENT OF VETERANS AFFAIRS

**Justification for Single Source Awards IAW [FAR 13.106-1](#)
For
Over Micro-Purchase Threshold but Not Exceeding the SAT (\$250K)**

Acquisition Plan Action ID:36C242-25-AP-2348

1. **Contracting Activity:** Department of Veterans Affairs, VISN 02, Syracuse Medical Center
VISN 02 Network Contracting Office
528-25-2-7085-0053
2. **Brief Description of Supplies/ Services required and the intended use/Estimated Amount:**

Estimated Price - \$194,604.00

Nationally required, need to update end-of-life injectors to maintain services and avoid shutdown of facility. The CT injector is a dual injector that injects contrast followed by saline during CT exams to perform enhanced studies. Requesting the same injector installed in B341 for consistency of materials in the CT suite. The MRI injector is made of nonferrous materials to be compliant with the magnet to inject contrast for enhanced studies. The portable injectors and injector for the OR hybrid room must be compatible with sterile injector syringes that are utilized during vascular hybrid procedures to prevent infection.

3. **Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:**

Power Injectors safely deliver IV contrast at specific rates into the patient to provide diagnostic quality imaging for patients. These are a requirement for the CT, MRI, and Interventional Radiology departments to properly operate. The Syracuse VAMC already has a contract established with Bayer for all but one injector for maintenance and repair.

Requesting to upgrade current injectors to Bayer MEDRAD's most up-to-date injectors for fluidity throughout the department, as both CT and IR already have the newest Bayer injectors with equipment upgrade installations. This will allow for consistency within the departments

4. Description of market research conducted and results or statement why it was not conducted:

SBA was filtered for SDVOSB's and searched for NAICS code 334517 which yielded 120 results. SBA was also searched under this filter for NAICS code 334517 with key word "Bayer" and there were no results. This filter was also searched for 334517 and key words "IR Injectors" that yielded 0 results.

SBA was searched for NAICS code 334517 and yielded 488 results. It was also searched for NAICS code 334517 and key word "Medrad" which yielded one result. That result had the word biomed in it and that was the result given. Conclusion, SBA does not yielded any small businesses that could provide these items.

NAC was searched for "ART700 PEDL" which yielded 0 results.

GSA was searched separately for the following, "Arterion", "Medrad" and "Art700 Pedl" which yielded no relevant results.

FPDS was searched for "Contrast Injectors and Medrad Injectors" which both yielded multiple results and helps to establish both a NAICS code and price reasonableness.

5. Contracting Officer's Certification: *Purchase is approved in accordance with FAR13.106-1(b). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief. **Note: COs are required to make a determination of price reasonableness IAW FAR 13.106-3. See the [S19 Open Market \(FAR13\) Award Documentation Form with Abstract](#) to document price reasonableness.***
