

Single Source Justification (Simplified Acquisition)**Section A: General Contract Information**

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Contracting Activity: 27 SOCONS

Project/Program Name: Giant Voice Maintenance and Training

Purchase Request / Local ID Number: F2QT044200A001

Estimated Contract Cost (including Options):

Section B: Description of the Supplies/Services Required

The Giant Voice AtHoc notification system is in need of crucial repairs at Cannon AFB. This system transmits vital contingency warnings to buildings across the installation and is used to broadcast all emergency AtHoc announcements across base. The 27 SOW has given the customer a suspense to complete work by 1 May 2025. The service must be complete and the system fully functional by this deadline.

Section C: Justification for Soliciting from a Single Source or Brand Name

The existing equipment is proprietary and specific to one single source company, Acoustic Technology Inc (ATI). ATI is the only company that can provide the parts, installation, field testing, and training to restore Giant Voice system to working condition. Due to the proprietary nature of the system, only ATI technicians are allowed to work on and maintain the equipment.

Section D: Efforts to Obtain Competition

We were unable to find alternative solutions or compete this effort due the the licensed, sole source equipment that is installed.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

Cannon AFB has patented, licensed equipment installed to transmit AtHoc notifications across base. Since we are currently using ATI systems, we will need to coordinate repairs and maintenance with their technicians. In the event that a replacement system is required, the effort to procure a replacement will be competed to the furthest extent possible.

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
