

The Department of Veterans Affairs, Network [Contracting Office](#) (NCO) 22, is issuing this notice of intent (NOI) to inform industry contractors of the Government's intent to execute a Sole Source award under FAR Part 13 – Simplified Acquisition Procedures (SAP), specifically [FAR Subpart 13.5 – Simplified Procedures for Certain Commercial Items](#) with TrillaMed, LLC., located at 30100 Telegraph Road, Suite 366, Bingham Farms, MI 48025.

This requirement will be used for **Preventive Maintenance, Inspections, Licensing and Support Services of TempTrak Remote Temperature Tracking System for the at VA San Diego Healthcare System (VASDHS) Bio-Medical Engineering Department.** VA San Diego Healthcare System (VASDHS) Engineering HTM is requesting a single source procurement for Preventive Maintenance, Inspections, Licensing and Support Services of TempTrak Remote Temperature Tracking System at the VASDHS. Specific tasks include: **1.** Perform at least one on-site preventive maintenance inspection during the contract period. PM inspection shall be scheduled in August unless otherwise directed by the Contracting Officer Representative (COR). Hardware parts and applicable software updates shall be included in support agreement. Telephone support services shall be available 24 hours a day, 365 days a year. On-site service calls shall be included, with a response time of 5 business days.

2. Vendor shall provide the COR an electronic copy of the field service report after every PM or on-site service call within 7 calendar days. At a minimum, this report must contain a detailed description of any services or repairs performed for each item of equipment, and must also include a listing of replacement parts, when applicable, total hours of service, safety check, performance data, and the date. The report will also include any Vendor recommendations necessary to maintain the equipment in optimum operating condition. Service Technician shall document and report to the COR any unsafe conditions or signs of misuse or abuse regarding this medical equipment.

The proposed period of performance will be from 6/15/2020 through 6/17/2025- Base Year + four (4) Option Years. The estimated value is of **\$91,575.00** for the life of the contract.

This procurement is being conducted using commercial item procedures pursuant to FAR Part 12 and FAR Part 13, specifically FAR Subpart 13.106-1(b)(1)(i) allowing the Contracting Officer (CO) to solicit from one source. This will be a Firm Fixed Price (FFP) award and an anticipated award date is set for 6/17/2025. The place of performance is as follows: VA Medical Center-San Diego: 3350 La Jolla Village Dr, San Diego, CA 92161. The North American Industry Classification System (NAICS) for this requirement is, 811210- Electronic and Precision Equipment Repair and Maintenance.

The Small Business Administration size standard for this sector is \$34.0 Million. This notice of intent is neither a formal solicitation nor a request for competitive proposals. No solicitation document is available and telephone requests will not be honored. No award will be made based on unsolicited quotations or offers received in response to this notice. Any response to this notice must show clear, compelling, and convincing evidence that competition will be advantageous to the Government. The intent of this synopsis is for informational purposes only. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive

procurement. A determination by the Government not to compete this action based on this notice is solely within the discretion of the Government.

All inquiries and concerns must be addressed in writing via e-mail to Felicia Simpson at Felicia.Simpson@va.gov with the following information referenced in the subject line, “-**Preventive Maintenance, Inspections, Licensing and Support of TempTrak Remote Temperature Tracking System**”.
