3. Specific characteristics of the material or service that limit the availability to a sole source/brand product (unique features, function of the item, etc.). Describe in detail why only this source/brand can furnish the requirements to the exclusion of other sources/brands.

--

--

5. The material or service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment and/or functionality you have now and how the new item/service must coordinate, connect or interface with the existing system.

--

6. A patent, copyright or proprietary data limits competition:

--

7. The items are “direct replacement” parts/components for existing equipment. Provide the information about the Next Higher Assembly (NHA)/equipment which the replacement parts are going into (e.g. description, model, part number, Original Equipment Manufacturer (OEM), etc.).

--

8. Other information to support sole source/brand name sole source procurement. The rationale must then justify "either" substantial duplication of cost to the Government that is not recovered through competition or unacceptable delays in fulfilling the mission of the agency.
