NOTICE OF INTENT SYNOPSIS:

The Department of the Interior, Interior Business Center, Acquisition Services Directorate on behalf of Office of Natural Resources Revenue (ONRR) intends to award a Purchase Order to Oil Price Information Service, LLC on a sole source basis. The intended procurement is classified under North American Industry Classification System code (NAICS) Code 519290 - Web Search Portals and All Other Information Services.

This is a sole source procurement under the authority of FAR 13.106-1(b)(1), only the responsible source and no other supplies or services will satisfy agency requirements. This acquisition is conducted under the procedures as described in FAR Part 13 - Simplified Acquisition Procedures and FAR Part 12 - Acquisition of Commercial Items.

Description:

ONRR manages and ensures full payment of revenues owed for the development of the Nation's energy and natural resources on the Outer Continental Shelf and onshore Federal and Indian Lands. ONRR is also responsible for royalty payment compliance activities of lessees or other persons who pay royalties, rents, or bonuses on Indian leases located in an index zone.

ONRR requires a detailed natural gas processing plant and natural gas liquids production data with pricing of natural gas and natural gas liquids facility information, volumes, and market behaviors in the United States.

Specifications

ONRR requests U.S. natural gas market data services which include the following:

A single monthly feed displaying the monthly average of LP Gas spot products for the following markets:

- Mont Belvieu TET and non-TET
- Napoleonville
- Geismer/Sorrento
- Conway Kansas

Oil Price Information Service LLC is the only known subscription service provider that offers natural gas and natural gas liquids production pricing at the level of detail required for royalty payments and price verification.

Purpose and Objective:

Oil Price Information Service LLC provides detailed spot pricing on natural gas markets including gas production and flows, pipeline capacity utilization, storage, as well as pipeline constraints and demand. These services that are generated from the Oil Price Information Service LLC proprietary database includes pricing including prompt, any and out timings, daily average and month-to-date average NGL prices, key international market comparisons. The natural gas / natural gas liquids market data provided under these subscription services are essential for ONRR when performing royalty collection, compliance, and enforcement functions.

To meet this data demand, the AQD anticipates awarding a Base one (1) year and two (2) 12-month Option Period Firm Fixed Price (FFP) Purchase Order to the sole source, Oil Price Information Service LLC., for the above identified subscription services.

Period of Performance: Base one (1) year and two (2) 12-month Option Periods
