MISSISSIPPI VALLEY DIVISION

"Listening, Inspecting, Partnering, and Engineering since 1897"

MISSISSIPPI RIVER COMMISSION

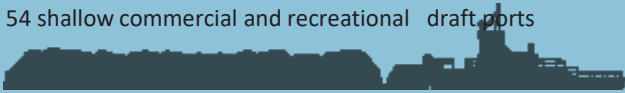

Mission:

The mission of the U.S. Army Corps of Engineers in the Mississippi Valley is to serve the region by providing vital public engineering services and stewardship of water resource in infrastructure, partnering in peace and war, strengthening our nation's security, energizing the economy, and reducing risks from disasters. The mission is accomplished by two distinct, complementary organizations -- the Mississippi Valley Division and the Mississippi River Commission.

Navigation

- 4,267 miles of commercial waterways
- 62 locks
- 621 million tons of cargo moved on the MS River each year
- 7 deep draft ports
- 54 shallow commercial and recreational draft ports

Regulatory

- Section 10 Rivers and Harbors Act: Regulates all work in navigable waters
- Interagency coordination Clean Water Act: Regulates discharges of dredged or fill material into all waters
- Section 103 Marine, Protection, Research, and Sanctuaries Act: Regulates ocean dumping of dredged material

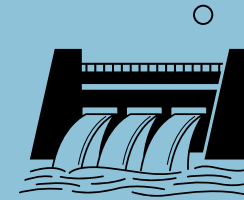

Flood Risk Reduction

- Approx. 3,700 miles on the Mississippi River and Tributaries levee system
- Levees, levee systems, floodwalls, reservoirs, and non-structural methods all make up the Mississippi Valley's inventory of flood risk reduction

Hydropower

- 4 Hydropower plants
- Average annual energy generation - 380,000 MWh
- Power marketed by Southwestern Power Administration

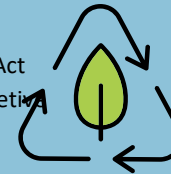

Emergency Operations

- All hazard planning, training, and exercises
- Interagency coordination
- Emergency Management Accreditation
- Response
- Recovery

Environmental Stewardship

- National Ecosystem Restoration Planning Center of Excellence
- Coastal Wetlands Planning Protection and Restoration Act
- Lower Mississippi River Museum and Riverfront Interpretive Center

Recreation

- More than 2 million acres (land and water)
- More than 27 million visitors each year
- \$986 million in visitor spending each year

Support for Others

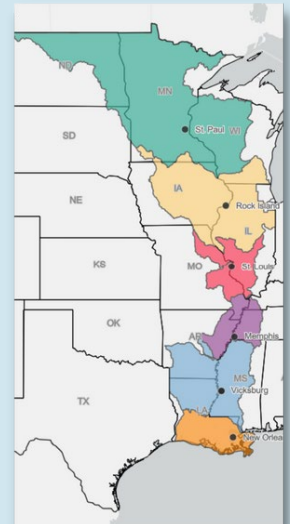

- Allows the Corps to provide reimbursable technical services to other federal agencies as well as to states, local municipalities, international governments, and Native American Tribes

PEOPLE + PARTNERSHIPS + PROGRAMS

- 1 of 9 Division Commands
- 6 District Offices
- 12 Governors
- 24 Senators
- 58 Congressional Districts
- 370,000 square mile boundaries
- 4,500 plus employees
