U.S. ARMY CORPS OF ENGINEERS ROCK ISLAND DISTRICT

ASSOCIATED GENERAL CONTRACTORS OF AMERICA

February 2025

US Army Corps
of Engineers®

U.S. ARMY

U.S. ARMY

AREA OF RESPONSIBILITY

**Roughly 78,000 sq. miles
in portions of:**

- Iowa
- Illinois
- Wisconsin
- Minnesota
- Missouri

Portions of 5 river basins:

- Mississippi River
- Illinois River
- Des Moines River
- Iowa-Cedar River
- Rock River

U.S. ARMY

ROCK ISLAND DISTRICT BUSINESS LINES

Navigation

- 9-foot channel maintenance
- 314 miles of the Mississippi River
 - 12 lock and dam sites
- 268 miles of the Illinois Waterway
 - 6 lock and dam sites

Flood Risk Management

- More than 900 miles of levee
 - 146 levee and drainage systems
- 5 Reservoirs
 - 3 in Iowa (wet)
 - 2 in Illinois (dry)

Recreation

- USACE is the largest provider of water-based outdoor recreation in the nation
- USACE Rock Island District
 - 97 recreation sites across 5 states
 - 16.8 million visitors annually

Emergency Management

- Disaster response and recovery for the District, Division and Nation
 - Levee Safety/Rehabilitation
 - Flood Area Engineer Teams
 - National Flood Fight Materiel Center

Environmental Stewardship

- Regional Environmental Stewardship for the Upper Mississippi River System
 - Upper Mississippi River Restoration
 - Navigation & Ecosystem Sustainability Program
 - Brandon Road Interbasin Project

U.S. ARMY

SOUTHWEST COASTAL, LOUISIANA PROJECT OVERVIEW

22

Project Purpose

3,462 RESIDENTIAL STRUCTURES ELIGIBLE TO BE RAISED | **342** DRY FLOOD-PROOFING | **157** Localized Risk Reduction

The Project includes structures at or below the 2025- 25-year base flood elevation (BFE).

The Project recommends 3,462 residential structures will be considered for elevation equivalent to the 2075 100-year BFE. Qualifying residential structures will be raised approximately 5 feet on average, but no higher than 13 feet.

342 non-residential structures will be considered for dry flood-proofing to 3 feet above ground.

Localized risk reduction measures (constructing berms) for 157 warehouses will be considered less than or equal to 6 feet above the ground.

NEXT STEPS

- Available Appropriations for Construction = \$296M
- Project Partnership Agreement executed in June 2023.
- A&E Services support for screening and inspections anticipated award by January 2025.
- Design Build Contracts required by Authorization.

Location: Cameron, Calcasieu, and Vermilion Parishes

The screenshot displays the 'Small Business Program' page on the US Army Corps of Engineers Rock Island District Website. The page includes a navigation bar with links like 'About', 'Business With Us', 'Missions', 'Locations', 'Careers', 'Media', 'Library', and 'Contact'. A search bar is located in the top right corner. The main content area features a 'Small Business Program' section with a description of the program's purpose and a 'FY24 Rock Island District Forecast' table. To the right, there is a 'SAM.GOV' logo and a section for '2023 SAME ROCK ISLAND POST SMALL BUSINESS INDUSTRY DAY' with a presentation image and a link to view it. At the bottom, there is a 'Useful Links/Resources' section with links to 'SAM.gov', 'Find Contracting Opportunities', 'Rock Island District Contracting', and 'USACE Small Business Program Website'.

Small Business Program

The Rock Island District Small Business Program ensures that small businesses have the maximum practicable opportunity to participate in Rock Island District acquisitions through contracts or subcontracts. The District's program provides outreach to inform small businesses on how to do business with us.

The Program also provides advice and assistance to the Rock Island District workforce on all aspects of the Small Business Program. The involvement of small business concerns in our military and civil works programs is vital to the mission of the Army and to the nation's economic prosperity. Rock Island District is committed to developing small business concerns, providing procurement opportunities, training and counseling businesses for success, and establishing a broad base of capable suppliers to support the Army's mission.

As of: 10 Jan 24

St. Louis District Mission – Value to the Nation

St. Louis District Corps of Engineers The Gateway to Excellence

Mission – Provide engineering & water resource solutions that improve safety, energize the economy, sustain the environment & enhance the quality of life for those we serve through expertise, innovation & partnerships.

Navigation

- 3 rivers
- 5 lock and dam sites
- 416 miles of navigable channel
- 110M tons of commodities transferred annually
- Saving more than \$1B a year

Flood Risk Management

- 74 levee systems with 93 levee segments
- 750 miles of levees
- 5 Corps lakes

Ecosystem Restoration

- 21,000 acres restored
- 10,000 acres in design & feasibility
- 6,700 acres of habitat under construction

Recreation

- 9.1M visitors per year
- 120,000 acres of fishing, boating, and swimming
- 49 recreational use areas

Hydropower

- 58 MW production capability
- 20,000 households supplied with electricity

FUSRAP

- 1.4M cubic yard of contaminated soil removed
- 415 properties remediated

More than 700 veterans

Trained at 6 labs

With more than 91%

Job and education placement
After graduation from the program!

The NESP Lock and Dam 25 Expansion Project received \$732M in FY22 BIL funding. The new 1200 ft Lock Project consists of the following features:

- Design and construction of a new 1200 ft long drilled shaft-founded lock chamber to be constructed on the Downstream side of the existing auxiliary miter gate bay;
- Design and construction of a new Upstream ported guard wall approximately 1250 ft long;
- Design and construction of a Downstream Guard Wall approximately 650 ft long designed to block flow through the wall;
- Design and construction of a Downstream Guide Cell;
- Fabricated Lock Bulkheads; and
- Design and construction of new Facilities to support lock operations.

UPCOMING OPPORTUNITIES

U.S. ARMY

ENSLEY ENGINEER YARD (EEY) STRINGOUT PROJECT

50

Project description:

Replace the eastern half of the Stringout, which includes:

- **The demolition of an existing ramp and existing barges and pile clusters**
- **Construction of the eastern ramp, pile clusters, a GFE landing barge, and GFE Poseidon barges to replace existing material barges**
- **Dredging**
- **Electrical and mechanical systems will be required in the construction of the Stringout**

NAICS: 237990

Anticipated solicitation: Q3 FY25

Acquisition strategy: UNRESTRICTED

Magnitude: \$25M to \$100M

U.S. ARMY

51

AUTOMATED MAT CASTING FACILITY

Project description:

DESIGN-BUILD a semi-automated casting facility on the grounds of the existing government casting yard that can produce a minimum of 50,000 squares per calendar year, per shift, with the maximum capability of 150,000 squares annually with 3 shifts.

NAICS: TBD

Anticipated solicitation: Q3 FY25

Acquisition strategy: TBD

Magnitude: \$25M to \$100M

U.S. ARMY

BAYOU METO CANAL 1000 PHASE 3.2 (ENLARGEMENT)

52

Project description:

2.9 miles of canal construction and associated structures.

NAICS: 237990

Anticipated solicitation: Q2 FY25

Acquisition strategy: TBD

Magnitude: \$25M to \$100M

U.S. ARMY

GREENBELT LANDING

Project description:

- **Repairs to the existing boat ramp**
- **Construction of an additional new boat ramp upstream of the existing ramp**
- **Installation of deadman anchors along the top bank on the northern end of the park for boat mooring**
- **Modification of the existing parking lot for ADA compliance**
- **Additional lighting for security near the boat ramp(s)**

The site is located on the MS River in Shelby County, TN, at approximate River Mile 739L.

NAICS: 237990

Anticipated solicitation: Q3 FY25

Acquisition strategy: TBD

Magnitude: \$5M to \$10M

U.S. ARMY

HELENA FLOODWALL

Project description:

Replace approximately 1,600 LF of floodwall in downtown Helena, AR.

NAICS: 237990

Anticipated solicitation: Q3 FY25

Acquisition strategy: TBD

Magnitude: \$10M to \$25M

U.S. ARMY

FY25 SERVICES / SUPPLIES

55

- (3) welders/gougers
- (2) forklifts
- Rough terrain crane (above SAT)
- Marine surveyor services
- Air compressor system
- Roof replacement
- Parking lot repairs
- Electrical deck winches with controls
- Crane block
- (2) enclosed riding lawnmowers
- Generator load bank
- Powder coating system
- (3) UTVs
- Tractor shop lean-to

FY 25 HORIZONTAL CONSTRUCTION

* Schedules and values may change based on availability of funding and other factors.

6

Project	Release Date	NAICS	Range	SBSA/ Unrestricted
UYP Item 8/9 Water Control Structures Phase I Work will include land based sediment removal from Cassidy Bayou with hauling for disposal. Phase 2 will include barrel vault addition and repair/renewal of gate hardware including electric upgrades.	4 th Qtr	237990	b/w \$1M-\$5M	SBSA
2020 Ouachita River Basin P.L. 84-99 Bank Stabilization Rehab Project during the Spring of 2020, widespread rainfall over the Ouachita River Basin resulted in extensive flooding along the Ouachita River. The damage sustained during the high water event consists of river bank erosion that has damaged and seriously threatened the Ouachita River Levees. This consist of Bank Stabilization.	3 rd Qtr	237990	b/w \$25M-\$100M	TBD
2020 Ouachita River Basin P.L. 84-99 Levee Setback Project	3 rd Qtr	237990	b/w \$1M-\$5M	SBSA
UYP – Item 7C Phase 3 Bank Stabilization Item 7C is located just south Cowart, MS along the Tallahatchie River south of Sheley road. The construction feature of this item of work is bank stabilization at two locations. This work will consist of longitudinal peak stone toe dikes and bank stability along these two locations to stabilize the bank and keep from further bank erosion.	2 nd Qtr	237990	b/w \$5M-\$10M	SBSA
UYP Item 8A Dredge Project – FY 26 Item 8A is located near Cowart, MS along the Tallahatchie River from the Lamb Fish Bridge (approximate river mile 237) upstream to approximate river mile 240. The construction feature of this item is dredging the Tallahatchie River.	2 nd Qtr	237990	b/w \$10M-\$25M	TBD
Tensas Parish, Point Pleasant – Yucatan, LA Levee Enlargement and Berms, MRL Item 411-R, FC/MR&T	2 nd Qtr	237990	b/w \$10M-\$25M	SBSA
