

UNCLASSIFIED

(U) The National Reconnaissance Office (NRO) has a requirement for the repair/recovery of one of the tower roofs (44,810 sq ft of Protected Membrane Assembly (PMA) roof) at its Westfields Campus. A Draft Invitation for Bid (IFB) is estimated for release on approximately 21 February 2025 on the Acquisition Research Center (ARC) website. Parties interested in this opportunity can register on the ARC site and create an account in order to view the documents. A site visit and walk through is anticipated on 20 March 2025. Details of the site visit and registration requirements will be provided on the ARC as the time gets closer.
