

NOTICE OF INTENT TO AWARD SOLE SOURCE:

The Regional Contracting Office, Marine Forces Reserve, New Orleans, LA intends to award a sole source order to Advanced Simulation Technology, Inc. for a modular, ready-to-deploy, networked audio and communications solution for simulation and training environments featuring high-fidelity simulated radios and intercoms, speech recognition & text-to-speech, environmental sound generation, network traffic record-and-replay, PSTN phones integration, and live-to-virtual radio gateway over local and DIS networks. Voisus supports large numbers of distributed operators, radio environment modeling, point-to-point and conferencing intercom capabilities, entity-tracking 3D synthetic sound and a wide variety of user interfaces (including hardware- and software-emulated military tactical gear). Voisus provides the simulated audio communications required for the use of the Air Reserve Component Network (ARCNet) which will allow MACG-48 to connect to and leverage multiple joint synthetic training networks across a spectrum of connected air and C2 platforms.

This purchase will be made under Simplified Acquisition Procedures and "Other than Full and Open Competition" as authorized by FAR 13.501. The anticipated award date is 31 March 2025. Please note that this is not a request for competitive proposals. However, all interested parties who believe they can meet the requirements are invited to submit in writing complete information describing their ability to provide the product/services listed above. Deadline date for the submittals is 24 March 2025 at 12:00 pm Central Standard Time.

A determination by the government not to compete this requirement based on responses to this notice is solely within the discretion of the government. Information received will be considered solely for the purpose of determining whether to conduct a competitive procurement.
