

KC-135 CO-OP Industry Day Rules of Engagement – Industry Representatives

1. Industry Days provide private companies with a great opportunity to brief/explain their company capabilities in relation to DOD program requirements. Industry Days also serve as a public forum for having one-on-one discussions with the USG (U.S Government) to obtain a better understanding of upcoming contracting opportunities.

- Please note - All *allowable* verbal and/or written questions submitted to the USG will be posted and answered on SAM.Gov after the completion of the industry day sessions (estimated 9 May 2025).
- Company attendee(s) are to arrive at Tinker AFB - 3001 Staff Dr Tinker AFB, OK, United States. 73145 at least 30 minutes prior to scheduled time. Please review the map (s) attached.
- Maximum of 3 company attendees (already registered and confirmed) will be allowed to participate.
- Company attendees will be verified against the submitted registration form and will be allowed a **30-minute time period** per session.
- USG issued ID is required for base access. Must be a U.S. citizen to attend.
- Please respect the scheduled time assigned – you will be giving a 5-minute warning before your time is up for each session. Please promptly exit when your allotted time has concluded.
- The USG does not intend to award a contract on the basis of the information received at this event.
- Costs incurred as a result of this event will not be reimbursed by the USG.

2. One-on-One Sessions

- a. Questions may be asked verbally by industry representatives, during the *1-1 sessions* **ONLY** and will be captured by a USG designated scribe. USG will also accept questions in writing.
- b. The USG Contracting Officer will be leading these sessions and will determine if the USG team is allowed to provide a verbal response for each question asked at the time.
- c. Industry representatives should use their allotted 30 minutes to gain better program insight as it relates to their specific company.
- d. Written questions submitted that may reveal a trade secret or may provide an unfair competitive advantage to vendors, as it pertains to the KC-135 CO-OP, will not be answered by USG employees.
