

JUSTIFICATION FOR SOLE SOURCE or BRAND NAME SOLE SOURCE (For Simplified Acquisitions < \$250K)

PLEASE CHECK ALL APPLICABLE BOXES AND FILL IN ALL APPLICABLE BLOCKS BELOW. A NARRATIVE MUST BE ADDED TO ALL APPLICABLE SECTIONS. IF A SECTION DOES NOT APPLY, TYPE "N/A" IN THE BOX.

Requisition Number / Document Number:	N4432125RC004CG			
The material and/or service listed on this form is (<u>please mark one</u>):	☒	Sole Source	☐	Brand Name Sole Source

Restricted to the following manufacturer or source:

- Manufacturer Name: Phillips Corporation
- Manufacturer POC and Phone Number: Charles E. Skeen / (336)328-5100
- Manufacturer Address: 7390 Coca Cola Drive, Hanover, MD 21046
- Dealer Name (if applicable):
- Dealer POC and Phone Number (if applicable):
- Dealer Address (if applicable):

1. Description of the item(s) or service(s) required and the estimated cost(s):

Item#	MFG Name	MFG Part#	Description	Qty	U/I	Unit Price	Ext Price
1	N/A	TECH	Haas Certified Technician Daily Rate	1	N/A	\$2,200.00	\$2,200.00
2	N/A	RIGGING	Rigging crew will: unload 1 Haas VR-8	1	N/A	\$32,000.00	\$32,000.00

Note: If additional items are required, please list on a separate spreadsheet using the same information as above

2. Required Delivery Date (RDD) or Period of Performance (POP): 90 days ADC

- 3. Specific characteristics of the material or service that limit the availability to a sole source/brand product (unique features, function of the item, etc.). Describe in detail why only this source/brand can furnish the requirements to the exclusion of other sources/brands.**

5-Axis CNC Milling machine is a massive component and needs to be handled by certified technicians and a rigging crew for the machine to be delivered and installed correctly.

4. The requested material or service represents the minimum requirements of the Government.

The service requested to meet requirements of the Government is supplied solely by Phillips Corporation

5. The material or service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment and/or functionality you have now and how the new item/service must coordinate, connect or interface with the existing system.

Currently we have a 3-axis CNC Milling machine which limits the parts we are capable of manufacturing. With the 5-Axis CNC Milling machine we will not be limited in the repairs requested to us.

6. A patent, copyright or proprietary data limits competition:

Written formal confirmation from HAAS that Phillips Corporation Inc., Federal Division, is the sole and exclusive distributor of HAAS CNC Machine Tools and any associated factory certified service, training and applications work for United States Government facilities. This includes any factory certified service-related contracts, maintenance agreements, training and applications work on HAAS equipment.

7. The items are "direct replacement" parts/components for existing equipment. Provide the information about the Next Higher Assembly (NHA)/equipment which the replacement parts are going into (e.g. description, model, part number, Original Equipment Manufacturer (OEM), etc.).

Currently no parts are being replaced in the Next Higher Assembly.

8. Other information to support sole source/brand name sole source procurement. The rationale must then justify "either" substantial duplication of cost to the Government that is not recovered through competition or unacceptable delays in fulfilling the mission of the agency.

Failure to utilize Phillips Corp as the installer and rigger of the HAAS CNC 5-Axis Milling Machine, runs the risk of suboptimal performance and potential compliance issues. The lack of specialized support could result in higher maintenance cost and increased downtime, as HAAS CNC machine and components, (collectively, "Haas Products") are warranted by manufacturer against defects in material and workmanship. All out of warranty repair parts carry a warranty, provided the repair is performed by a Haas Certified Technician. Only repairs performed by Haas Certified technician will be warranted.

REQUIRING ACTIVITY TECHNICAL or REQUIREMENTS CERTIFICATION

I certify that the statements checked, and information provided above, are complete and correct to the best of my knowledge. I understand that the processing of this sole source/brand name sole source justification precludes the use of full and open competition.
