

DRAFT STATEMENT OF WORK
CENTRAL ARKANSAS VETERANS HEALTHCARE SYSTEM
Little Rock, AR
Cu-64 Dotatate for PET CT

A. GENERAL INFORMATION

1. Title of Project: Cu-64 Dotatate for PET CT

2. Background: Nuclear Medicine requires that all radiopharmaceuticals be delivered within allowable timeframes. There is a very short timeframe for most radiopharmaceuticals needed to perform required tests. In addition, this is a highly regulated service and shall meet requirements from the Nuclear Regulatory Commission. Central Arkansas Veterans Healthcare System (CAVHS) Imaging Service will be deploying a new imaging modality, PET CT, in late FY25. The CAVHS Nuclear Medicine is requesting pre-filled radiopharmaceutical unit doses, as they will not be equipped to draw up syringes and properly store residual radioactive contaminated vials.

3. Scope of Work: The contractor shall provide all resources necessary to accomplish the deliverables described in this Statement of Work (SOW), except as may otherwise be specified. This shall include delivery of routine orders for next day Cu-64 Dotatate and delivery within one (1) hour for all urgent or emergent requests for Cu-64 Dotatate using the proper transporting protocols and meeting the standard classifications to identify radiation limits established by the Department of Transportation and the Nuclear Regulatory Commission. CAVHS requires all requested doses to be pre-filled unit doses, as CAVHS is not equipped to draw up syringes and properly store residual radioactive contaminated vials.

4. Performance Period: Base year period with four one-year ordering periods.

5. Contractor shall complete the work required under this SOW 24 hours a day, 7 days a week. This includes off hours, weekends, and Federal holidays as required for emergent or urgent cases from date of award, unless otherwise directed by the Contracting Officer. The Federal holidays are New Year's Day, Martin Luther King Day, Presidents Day, Memorial Day, Juneteenth, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day.

6. Type of Contract: Firm-Fixed-Price Indefinite Delivery Indefinite Quantity

7. Applicable Documents: 10 Code of Federal Regulations Part 35: United States Nuclear Regulatory Commission (NRC)- Medical Use of Byproduct Material 49 Code of Federal Regulations Part 173 Subpart I: Class 7 (Radioactive) Materials Department of Veteran Affairs Materials Permit: Reference # 03-01082-01 Amendment # 76.

8. REQUIREMENTS: Following requirements include but not limited to:

- a. The contractor shall provide delivery by 0630 a.m. on all routine orders for Cu-64 Dotatate and shall provide delivery within 1 hour (60 Minutes) for all urgent or emergent requests for Cu-64 Dotatate.
- b. The contractor shall ensure that all deliveries to CAVHS are made following the proper transporting protocol. Standard classification to identify radiation limits established by the Department of Transportation and the Nuclear Regulatory Commission shall be met.
- c. The contractor shall be (or use) a compounding pharmacy. Quoter shall demonstrate its a nuclear pharmacy possessing an active pharmacy registration for its resident state (and, if applicable, a non-resident pharmacy registration for my state (Arkansas) that is in good standing with the Board of Pharmacy. Offer shall submit its documentation and registrations/ licenses with its technical quote. Current licensed shall be in good standing (no actions pending or unresolved such as a probationary period).
- d. The contractor shall ensure that all transporting personnel have proper identification and documents when delivering supplies to CAVHS. Contractor shall submit with technical quote couriers all current training/certificates for couriers to ship/transport radiopharmaceuticals.
- e. Contractor shall nuclear pharmacists possess current certifications/licenses/ credentials for applicable states for its nuclear pharmacists preparing/dispensing radiopharmaceuticals for human administration.
- f. The contractor shall establish a method to hand-off to the appropriate Nuclear Medicine personnel during delivery.
- g. The contractor shall ensure that all containers delivered to CAVHS are sealed appropriately to ensure that the package has not been compromised during transportation.
- h. The contractor shall pick up **White Blood Cell (WBC) scans within 1 hour** of notification and shall **return the tagged blood to CAVHS within 3 hours** of time of pick-up.
- i. The contractor shall ensure that samples are correctly labeled with patient identifiers when picked up and validated upon delivery of the tagged product.
- j. The contractor shall ensure that all counts of drugs be correct on delivery, with no more than five errors per year and If for any reason, any deliverable cannot be delivered within the scheduled timeframe, the contractor shall explain why in writing to the Contracting Officer Representative (COR) and shall include a firm commitment of when the work will be completed. This notice to the COR shall cite the reasons for the delay. The Contracting Officer will then review the facts and issue a response in accordance with applicable regulations.

- k. The contractor shall deliver all products at no additional charge during normal business hours.
- l. The Contractor shall obtain, maintain, and provide evidence of at the request of the Government, U.S. Food & Drug Administration (FDA) approval of the radiopharmaceuticals prior to shipment.
- m. The Contractor shall deliver unit dose pre-filled syringes of Cu-64 Dotatate when ordered by CAVHS Imaging Service. The Contractor shall retain of any 3rd party vials at their location and dispose of them in accordance with Nuclear Regulatory Commission (NRC) regulations and as low as reasonably achievable (ALARA) radiation exposure principles.

9. SCHEDULE FOR DELIVERABLES: If for any reason, any deliverable cannot be delivered within the scheduled timeframe, the contractor shall explain why in writing to the Contracting Officer Representative (COR) and shall include a firm commitment of when the work will be completed. This notice to the COR shall cite the reasons for the delay. The Contracting Officer will then review the facts and issue a response in accordance with applicable regulations.

10. DELIVERY LOCATION

Central Arkansas Veterans Healthcare System
4300 West 7th Street, Room 1D-178
Little Rock, AR 72205

11. CHANGES TO STATEMENT OF WORK : Any changes to this SOW shall be authorized and approved only through written correspondence from the Contracting Officer. A copy of each change will be kept in a project folder along with all other products of the project. Costs incurred by the contractor through the actions of parties other than the Contracting Officer shall be borne by the contractor.

12. GOVERNMENT RESPONSIBILITIES

Government shall ensure that Nuclear Medicine staff are available to accept delivery of radiopharmaceutical supplies at the CAVHS.

13. CONFIDENTIALITY AND NONDISCLOSURE

It is agreed that:

- a. The preliminary and final deliverables and all associated Working papers, application source code, and other material deemed relevant by VA which have been generated by the contractor in the performance of this task order are the exclusive property of the U.S. Government and shall be submitted to the Contracting Officer at the conclusion of the task order.

- b.** No information shall be released by the contractor. Any request for information relating to this task Older presented to the contractor shall be submitted to the Contracting Officer for response.
- c.** Press releases, marketing material or any other printed or electronic documentation related to this project, shall not be publicized without the written approval of the Contracting Officer.
