

U.S. Department of the Homeland Security
U.S. Customs and Border Protection
Air and Marine Operations

Statement of Work (SOW)
For:
Automated Cost Estimating Integrated Tools (ACEIT)
Software Distribution, Maintenance and Support
(DMS)

Prepared By:
Air and Marine Operations (AMO)
1300 Pennsylvania Ave, NW. Room 8.4D
Washington, DC 20229-1040

1. Introduction/Purpose

Under the authority of Title I, Sec. 101 of the Homeland Security Act of 2002 as amended, the Department of Homeland Security (DHS) was established to prevent terrorist attacks within the United States. DHS's purpose is to reduce the vulnerability of the United States to terrorism, and to minimize the damage and assist in the recovery from terrorist attacks that do occur within the United States. In order to accomplish this mission, acquisition materiel programs are necessary. In accordance with Department of Homeland Security (DHS) Management Directive 102-01, program lifecycle cost estimates (PLCCE) are required to support key acquisition program milestones. In addition, DHS Undersecretary for Management requires all DHS Major Acquisition Oversight List (MAOL) programs to submit annual updates to their PLCCE to support the DHS Resource Allocations Decision (RAD) process. The ACEIT suite is an industry standard and government-wide accepted tool to support acquisition program PLCCE development. The tool provides unique and tailored capabilities which streamline the effort required to build and sustain PLCCEs. In order to receive annual program technical support annual software DMS renewals are required.

2. Scope

Tasks:

- a. Software Distribution, Maintenance and Support (DMS): The contractor shall provide software updates, DMS, maintenance and non-analytical, technical support for ACEIT Suite software. The software DMS shall be for CBP-AMO single-site, seven (7) users in the Ronald Reagan Building (RRB). For the base and all option years.

3. Period of Performance

Base Year performance period will be April 1, 2025 through March 31, 2026.

Option Year 1 performance period will be April 1, 2026 through March 31, 2027.

Option Year 2 performance period will be April 1, 2027 through March 31, 2028.
