

U.S. Army Combat Capabilities Development Command (DEVCOM) Ground Vehicle Systems Center (GVSC)

Ground Vehicle Acquisition Summit

Thursday, July 31, 2025

Hosted at Macomb Community College South Campus, K Building, 14500 E. 12 Mile Road, Warren, MI 48088

Registration: 8:00 a.m.

Presentations: 9:00 a.m. to 12:00 p.m.

Welcome Industry!

Unleash your potential in Ground Vehicle Systems Center (GVSC).

The U.S. Army Combat Capabilities Development Command (DEVCOM) GVSC is the U.S. Army Research, Development and Engineering Center for all Ground Vehicle and Ground Vehicle Systems technology and integration.

GVSC also serves as the U.S. Department of Defense responsible agent for all ground fuels and lubricants specifications; water supply and wastewater treatment; tactical military bridging; construction equipment; and material handling equipment.

Join us and network directly with GVSC's Acquisition Management Office (AMO) and the Strategic Plans and Communication Office (G5). This event is your gateway to the people, processes, and contract mechanisms designed to elevate your position in the Ground Vehicle System game.

Why you should attend:

- Insider expertise
- Actionable Strategies
- Powerful Networking

Are you tired of hearing, "I don't know how to get to you," when it comes to your cutting-edge technology? Do you have innovative solutions that deserve a spotlight? Now is your chance to connect, collaborate, and propel your ideas into the defense arena.

Don't let your groundbreaking technology fade into the background. Take charge of your future by joining this essential event. Whether you're looking to collaborate, understand the contracting process, or carry newfound knowledge into your organization, this is the event for you.

Topics:

GVSC briefing on various contracting mechanisms

- Broad Agency Announcements (BAA), Commercial Solution Openings (CSO), Detroit Arsenal Innovation – Other Transactional Agreement (DAI-OTA), Defense Technical Innovation Center (DTIC), Technical and Engineer Solutions (TES) and others. These contracting mechanisms are used to procure research and development (R&D) projects, innovative solutions, and technical services, which may align with various defense-related projects, particularly in the ground vehicle sector.

- Opportunity to meet face-to-face with the GVSC AMO and the G5 Strategic Communication team which supports acquisitions as well as connect with industry partners for information on contract mechanisms run through GVSC.

Registration Information:

- Online registration period: OPEN to 24 July 2025 at 12:00 pm. **NOTE: Registration is limited to the space in the room and is first come first served. Once registration is full, it will be closed.**
- The Attendee Registration Site can be found at: <https://macombapex.ecenterdirect.com/events/1092>
