DESCRIPTION

The Department of Veterans Affairs, Network Contracting Office 7, hereby provides notice of its intent to award a sole-source, firm fixed, contract to Covidien Sales LLC. (Medtronic), 15 Hampshire Street Mansfield, MA. 02048. Ventilator Recall Remediation Repair procured for the Department of Veterans Affairs William Jennings Bryan Dorn VAMC, 6439 Gardners Ferry Road Columbia, SC 29209

The contract is expected to be awarded under FAR 13.106-1 which states that Contracting Officers may solicit from one source if the Contracting Officer determines that the circumstances of the contract action deem only one source reasonably available. The contract will be a firm fixed price contract with the NAICS Code of 811210. A Justification for single source has been prepared. The contract will be a one-time service procurement.

This notice of intent is not a request for competitive proposals. It is not a solicitation or request for offers. No solicitation package is available. A determination not to compete is solely within the discretion of the Government. Any response to this notice must show clear and convincing evidence that competition would be advantageous to the Government. Responses must be received no later than 12:00 pm EST on Thursday, March 21, 2025. No telephone inquiries or emails with questions will be accepted. Responses may be emailed to Jessica.Cummings3@va.gov.

December 6,

2023 Dear

Valued

Customer,

Thank you for your inquiry regarding our Puritan Bennett™ 980 ventilators. Covidien Sales LLC, a Medtronic company, is the sole manufacturer of its proprietary Puritan Bennett™ 980 ventilator, associated parts, accessories, and applicable licensed software applications (collectively, the “PB980 ventilator”). Medtronic sells its market leading PB980 ventilator to government customers throughout the United States, numerous countries around the world, and commercially to many leading hospital systems.

The PB980 ventilator is a complex medical device subject to regulation by the Food and Drug Administration. As such, Medtronic, as the original equipment manufacturer (OEM), cannot certify any repair or service, including preventive maintenance, provided by anyone other than our own field service engineers. Further, Medtronic does not authorize any customer or third party to load or reload any proprietary software onto the PB980 ventilator.

Medtronic does not sell or authorize the sale to customers of any of the printed circuit boards included in the PB980 ventilator that require software and/or firmware to be reinstalled.

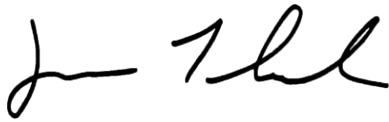

These must be installed, serviced, and maintained by Medtronic. Medtronic cannot guarantee the proper performance or results of the PB980 ventilator following any unauthorized service, repair or modification, or the use of any non-OEM parts.

Any unauthorized service, repair or modification will void existing warranties and service agreements. Medtronic assumes no responsibility or liability for any resulting claims, costs, and expenses associated with the use of any PB980 ventilator for which unauthorized service was performed or non-OEM parts have been used for repair or maintenance.

Further, Medtronic reserves the right to refuse to service any adulterated equipment if we consider it to be not repairable according to our standards.

Medtronic is available to support you for troubleshooting, issue resolution, technical calibrations, system checks, system repairs, and planned maintenance inspections. For more information or to schedule maintenance of your system, please contact our Service Experience team at 800.255.6774, option 4.

Sincerely,
