DESCRIPTION

Please note that this is not a request for proposal nor a request for quote as there is no solicitation document available. Therefore, this is a notice of intent issued by the Department of Veterans Affairs to negotiate a limited source contract with Scriptpro, USA for the Windows 11 Upgrade. This procurement is intended to be used by VISN 12 VA Medical Centers (VAMC) and Community Based Outpatient Centers (CBOC). PERFORMANCE WORK STATEMENT

Contract Title. ScriptPro Datapoint Operating System (OS) Upgrade to Windows 11

1. **Background.** The Veterans Integrated Service Network (VISN) 12, is responsible for providing health care to Veterans in the states of Wisconsin, Illinois, Upper Michigan, and northwestern Indiana and is comprised of eight medical centers and numerous Community Based Outpatient Clinics.

Like all health care facilities, VISN 12 is moving away from Windows 10 OS, which is set to have its Microsoft support expired by October 14th, 2025. This move will require systems running Windows 10 to be upgraded to a current Microsoft OS, Windows 11 LTSC (Long Term Servicing Channel).

Scriptpro's comprehensive, integrated, & automated software solutions support pharmacy operations & financial management at any scale. ScriptPro automation is cost effective, dependable, & space efficient allowing staff to focus on serving patients & growing the pharmacies operations. ScriptPro solutions are engineered to ensure accuracy, save time, & increase patient satisfaction.

2. **Scope.**

The contractor shall provide all necessary travel, professional services, licenses, hardware, installation, onsite OS upgrade along with the most recent security feature implementation, including the upgrade of current processor to Six-Core i5 processor and ScriptPro proprietary Motion Control Card, and testing of the robotic prescription dispensing systems. ScriptPro shall upgrade robotic prescription dispensing systems to the latest Microsoft SQL (Structured Query Language) database.

The contractor shall coordinate all upgrade activities with COR (Contracting Officer's Representative), local site Pharmacy team, and local site Biomedical Engineering team.

The Contractor shall provide one-year of maintenance support for all the new ScriptPro hardware and software upgrades.

*The contractor must install the System Monitoring and Accountability Knowledge – AntiMalware (SMAK-AM) toolset on all Windows-based devices prior to or as part of the installation.

3. **Performance Period.** Period of performance shall start immediately after award is issued and last for 360 days.
