

JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

SIMPLIFIED ACQUISITION PROCEDURES (SAP) FAR 13.106-1(b)		
PURCHASE REQUEST OR REQUISITION NUMBER Purchase Request (PR) No. 75110PR250000079	PROJECT/TASK NUMBER Glock Armorer and Advanced Armorer Training Services	ESTIMATED AMOUNT (Over Micro-Purchase Threshold, but up to the SAT) \$150,000.00
IDENTIFICATION OF THE AGENCY AND THE CONTRACTING OFFICE, AND SPECIFIC IDENTIFICATION OF THE DOCUMENT AS A “JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION.” PLEASE CITE THE AUTHORITY AND TYPE OF JUSTIFICATION. The Department of Homeland Security, United States Coast Guard (USCG), Office of Contract Operations (CG-912) and Office of Specialized Capabilities (CG-721) prepared this justification for other than full and open competition. Authority: FAR 13.106-1(b) (Soliciting from a single source).		
BRIEF DESCRIPTION OF SUPPLIES OR SERVICES REQUIRED, AND THE INTENDED USE. The purpose of this Indefinite Delivery Indefinite Quantity contract is to contract with Glock Professional, Inc. to instruct the Glock Armorer and Advanced Armorer courses for USCG personnel. Training will be performed at Training Center (TRACEN) Yorktown. The contractor will provide at least two session of 2 days of hands-on training per convening that includes instruction on intermediate maintenance for Glock pistols. This will include repair, inspection and troubleshooting on all components of the Glock weapons beyond organizational maintenance.		
UNIQUE CHARACTERISTICS THAT LIMIT AVAILABILITY TO ONLY ONE SOURCE, WITH THE REASON NO OTHER SUPPLIES OR SERVICES CAN BE USED. Unique characteristics and conditions based on the USCG Glock G19 and G26 pistols restrict that all USCG personnel cannot conduct repairs until they have received the Glock Armorer and Advanced Armorer courses. In addition, Glock Inc. requires that Glock Armorer Courses are trained by Glock certified instructors, or the Glock warranty for G19 and G26 would be void. The results from the Request for Information (RFI) yield that only one potential vendor has Glock certified instructors and has the capabilities to accomplish the USCG requirements. The other two vendors may have meet some of our requirements; however, neither of them had Glock certified instructors. Currently only Glock Professional, Inc. has the capability and is the only known source able to perform this training.		
A DESCRIPTION OF EFFORTS MADE TO ENSURE THAT QUOTATIONS OR OFFERS ARE SOLICITED FROM AS MANY POTENTIAL SOURCES AS PRACTICABLE (INCLUDE YOUR MARKET RESEARCH EFFORTS HERE). The USCG conducted market research to determine possible sources in the marketplace. An RFI was submitted on February 6, 2024. It determined that only Glock Professional, Inc. had the capabilities to perform this training. The USCG will also continue market research; it's anticipated that other vendors will establish communication with the USCG in response to this justification to consider their services – which will be used as market research moving forward. If other vendor services are discovered during continual market research that meets/exceeds the USCG requirement and/or provides better quality to the USCG, the USCG will consider the competitive environment at that time to determine the best interests of the government moving forward.		
REASON THAT SUGGESTED SOURCE IS THE ONLY SOURCE WHICH CAN PROVIDE THE SUPPLIES OR SERVICES. Based on USCG market research, Glock Professional, Inc. is the only source capable to instruct personnel on intermediate maintenance on CG pistols. The USCG intends to issue a sole source contract to Glock Professional, Inc.		
EXPLAIN WHY AN ADEQUATE PURCHASE DESCRIPTION OR OTHER INFORMATION SUITABLE TO SOLICIT BY FULL AND OPEN COMPETITION HAS NOT BEEN DEVELOPED OR ARE NOT AVAILABLE. The statutory authority permitting other than full and open competition is 10 U.S.C. § 3204(a)(1) implemented by the FAR 13.106-1(b) entitled “Soliciting from a single source.” This is applicable since Glock Professional, Inc. is the only known supplier. Additionally, the lifetime warranty on the pistols would become void if USCG personnel conducted repairs without attending this training.		

PROVIDE A STATEMENT OF ACTIONS, IF ANY, THE GOVERNMENT MAY TAKE TO REMOVE OR OVERCOME ANY BARRIERS TO COMPETITION BEFORE FUTURE ACQUISITIONS ARE REQUIRED.

There are no barriers associated with this request. However, the USCG will continue to conduct market research in the marketplace to identify potential sources.
