

**MEMORANDUM TO THE FILE**

**Subj: USE OF OTHER THAN FULL AND OPEN COMPETITION FOR AN ACQUISITION UNDER THE SIMPLIFIED ACQUISITION THRESHOLD**

**IDENTIFICATION OF SOURCE:**

**Vendor Name:** Brantner and Associates LLC.

**Vendor City/State:** El Cajon, California

**Cage:** 15789

1. FAR 13.106-1(b)(1)(i) states for purchases not exceeding the simplified acquisition threshold, Contracting Officers may solicit from one source if the Contracting Officer determines that the circumstances of the contract action deem only one source reasonably available (e.g., urgency, exclusive licensing agreements, brand-name or industrial mobilization).

2. As required by FAR 13.106-3(b)(3)(i), this memorandum explains the absence of competition for this acquisition, as only one source will be solicited for this requirement (or for a portion of the requirement) and the requirement is not expected to exceed the simplified acquisition threshold.

**II. DESCRIPTION OF ITEM OR SERVICE:**

*Provide a description of the item or service required, to include its intended use, the name of the required source or brand name, and the required delivery date/period of performance.*

Establish a SAP contract that will procure the following production quantity 14, US (OHIO) and, quantity 4, UK (UKV) TR-143A Connectors (PN: 7146194-201). The connector are used in the manufacture of US and UK TR-143A Transducers for the SP24 TRIDENT Navigation Subsystem produced by NSW Crane, currently deployed in the TRIDENT Submarine Fleet. Estimated total cost [REDACTED] with an RDD of 12/01/2025.

**III. THE DETERMINATION FOR USE OF OTHER THAN FULL AND OPEN COMPETITION IS BASED ON THE FOLLOWING (select applicable area below to open specific form)**

A. ONLY ONE RESPONSIBLE SOURCE

B. BRAND NAME

C. UNUSUAL AND COMPELLING URGENCY

**A. ONLY ONE RESPONSIBLE SOURCE (select all that apply):**

1. RESTRICTIVE RIGHTS. The source has established proprietary rights, limited rights in data, patent rights, copyrights or secret processes in the item or service required.

2. EXCLUSIVE LICENSING AGREEMENTS. The item or service is only available from the Original Equipment Manufacturer (OEM), or there is only one authorized distributor or technical representative for the OEM.

3. OTHER REASONS. Other reason not identified above. Provide details on mission impact if requirement is not solicited from only one source.

This vendor is the sole source for the Receptacle Connectors (PN:7146194-201) used for the TR-143A Transducers of the Navigation Subsystem currently deployed in the TRIDENT Submarine fleet. The Trident NSS Program requires major suppliers to go through a qualification plan that costs approximately [REDACTED] based on prior qualification testing costs. Each item has to be qualified at 3 levels of testing- individual item (connector), next level assembly (cable/hydrophone), and operations testing at sea. This represents over 100% of the cost of the instant acquisition. In addition, an estimated 12 months would be required to qualify another vendor. Therefore, it is not considered cost effective to qualify a new vendor due to the costs indicated above, schedule impact to the program, and no major price or performance improvements to achieve. Only Brantner and Associates have met this requirement and are currently qualified to build the connectors for the Trident NSS Program. Notes on each drawing state that only the item described on the drawing, when procured from the vendor listed, is approved by the Strategic System Program Office for use in the specified applications. No substitute item is to be used without prior testing and approval from this Program Office

**B. BRAND NAME.** Item required must be a brand name product, or feature of a product, particular to one manufacturer.

**C. UNUSUAL AND COMPELLING URGENCY.** The supplies or services are of such unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits, bids, or proposals. Urgent requirements are supplies or services that will result in a work stoppage, or are mission critical and the routine processing time would result in injury to the Government. The determination that the procurement for the above item/service is an urgent and compelling requirement is based on the following:

1. Date on which the requirement was first identified:
2. Required delivery date/period of performance
3. Explanation of why delivery/commencement of services by the date mentioned above is required:
4. If appropriate, include any additional pertinent information.

#### IV. CERTIFICATION/APPROVALS:

**A. Technical / Requirements Certifications:** I certify that the facts and representation under my cognizance which are included in this justification are complete and accurate to the best of my knowledge and belief.

#### B. Certification / Approval

Upon the basis of the above statements and information justification, I hereby approve, as the Contracting Officer, the solicitation of the proposed procurement(s) using other than full and open competition.
